

# EXERCISE YOUR CREATIVE BRAIN!

Sponsored by Floris PTA

## Spring Session Enrichment is Here!

— Don't Miss Out —

Registration for the **Spring 2018 Session** will take place  
**8:00 am January 7 thru Midnight January 21st**

The Floris PTA is excited to offer after school classes for Floris students. An easy, safe, convenient way for your child to explore a new hobby, dive deeper into a developing passion, or hang out with friends after school in a fun, structured environment!

*Whether you are looking for sports, drama,  
arts and crafts, technology, science or hobbies,  
there's something here for everyone.*

Find all the program information at <https://em-floris.jumbula.com>. Check out just some of the cool classes your student can take this session:

**Intro to Computer Science and Coding** – Teaches students Computer Science and its processes, receiving an understanding of programming and computational thinking.

**Electronics with Minecraft** – Teaches students important problem-solving and design skills by making changes to the popular multiplayer game itself

**Robotics** – is designed for students looking to get started with robotics, and who are possibly interested in learning competitive robotics. In this course, students learn how to design, build, and program Lego Mindstorms EV3 robots by constructing and programming a robot

**Sports Spectacular** - A Floris favorite! Come play a different sport each week! Basketball, Soccer, Flag Football, Capture-the-Flag! You name it! You don't need an in-depth explanation here, but you DO need the fun!

**Fast Break Hoops** – Join us for Fast Break Basketball where you'll play and learn FUNdamental basketball skills like dribbling, passing, shooting and defense

**Artistic Drawing with Young Rembrandts** – Artistic Drawing curriculum uses a structured stepwise format to teach students to create their own animated characters in humorous settings. We break down objects and ideas into simple shapes, then use exaggeration, caricature, and personification to playfully construct our own cartoon images.

**Hip Hop/Zumba Fusion** – Fusion dance class with hip-hop and Latin-inspired dance-fitness party, designed with kid-friendly music movements and routines! Everybody loves this one – highly recommended!

**Money Matters** - Teaches children about money, how it's used and teaches them money related skills in a fun way.

For more information or if you have suggestions for the program, please contact the Floris PTA VP Community Affairs, Fatima Akhtar at [florispta.vpcomm@gmail.com](mailto:florispta.vpcomm@gmail.com).
