11. Sign up for the Fair!

How do I sign up?

Registration is open
<https://florispta.org>

- Registration will limit teams
- One registration per team
- Max number of teams

This year, we will hold the Science Fair over a secured Zoom call.

Questions?

Email us: FLORIS.ScienceFair@gmail.com

**Open to all students
(Grade K-6)**

Date: March 18, 2021

Time: 6:30 PM – 8:00 PM

Your budding scientists will have an opportunity to present their project over Zoom to guests (teachers, parents, students, and professionals in the science community) and the team can use anything to present (poster board, PowerPoint presentation, or simply talking).

We ask that the presentation stay between 2-5 minutes per team.

- All Floris students are welcome to participate in the Science Fair in groups of 2 or more; however, if the pandemic prevents this, alone will be ok.
- Each team must be represented by a parent coach to register for the Science Fair.
- This is a voluntary home-based activity overseen by the parent/coach. All work presented must be the students' work. Parents may act as guides, supervise the investigation but they should let the students' do the work.
